

AutoCut

DIGITAL SPIRAL CUTTING SYSTEM

Stallion Innovative Machines introduces "AutoCut". The digital spiral cutting system for ease in the process of spiral binding.

Salient features :

- Space Saving
- Cost Saving
- Digital Setting
- Easy Operation
- Precise Length Cutting
- Inline process
- Accurate Counting
- Easily Incorporated On Existing Spiral Forming Machines

Fact File :

	Conventional / Manual	AutoCut
Manpower	2-4	Manless Machine
Speed	20 spirals per minute	75 spirals per minute
Wastage	15% - 20%	0%
Cutting	Manual	Automatic
